[My Plan](#)

CCIS Host: The Sigai Career Network Conference

The second ACM SIGAI Career Network Conference <<http://sigai.acm.org/cnc>> is an opportunity for early career researchers, particularly students and postdocs who will be on the job market, to present their research to each other and to potential employers as well as other senior researchers who want to learn about cutting-edge AI research. In addition, we will have a panel of employers as well as a group of mentors who will give specific advice to those on the job market.

Submission is very lightweight: a one-page abstract / research statement is the main requirement. SIGAI will be providing travel support for selected applicants. We think this is going to be a great event, and we'd love to get some more diversity of AI areas represented in the program.

While the CNC is a unique opportunity for early-career researchers, participation is open to anyone interested in AI research. Come hear about some of the most exciting recent research, and to network with up-and-coming researchers and members of research organizations.

IMPORTANT DATES

Submission Deadline: July 29, 2016 (can be extended if necessary)

Notification: August 12, 2016

Conference: October 19-20, 2016 in Boston, MA

SUBMISSION

We welcome submissions from both Ph.D. students who will complete their dissertations in Spring or Summer 2017 as well as postdocs who defended their dissertations in 2011 or later. Please submit in a single PDF:

- * A one-page abstract (plus references), similar to a research statement.
- * A short description of your career interests and aspirations.
- * An up-to-date academic CV.

If accepted, only the abstract will be published in the proceedings. Detailed instructions: sigai.acm.org/cnc/submit.

ORGANIZERS

Samantha Kleinberg (Stevens Institute of Technology)
Rafael Frongillo (University of Colorado Boulder)
Sanmay Das (Washington University in Saint Louis)

MENTORS

David Parkes (Harvard University)
Noémie Elhadad (Columbia University)
Susan Epstein (Hunter College, CUNY)
Carla Brodley (Northeastern)
Vasant Honavar (Penn State)
